peculiar and most unexpected Leach Cross can thank his lucky stars for the mishap that befell him recently, as that misfortune which prevented him from fighting Willie Ritchie on the evening of Oct. 29 was indeed a blessing in disguise for him, for, had this mishap not occurred as it did and the fight come off as the odds would have been in favor

Leach Cross was born with the flery and evil warlike planet Mars on the a natural-born fighter and one who has the punch and knows how to land it, whereas Willie Ritchie was born with the evil and morose planet Saturn on the ascendant, and this shows he lacks a certain amount of self-confidence and has morose forebodings of evil, and such drains or calm and collected withal, but makes or domesticated, however, as he has

He will always be refined also had the evil planet Mars badly afflicting the planet Venus. This shows that he will always have a to speak, which will greatly undermine his otherwise strong constitution and cause him to lose many a battle unless he stops now or before

Leach Cross has a fine horoscope for popularity and success, and will rise in life far above his station at birth, but especially so during 1914, 1915 and 1918. During these years he will also gain much wealth, fame and success in his calling and on the stage, or through theatrical man-agers, and will benefit greatly through the fair sex and public.
